

**Proforma
for
Submission of
Proposal on Survey and Inventorisation
relating to Coastal and Marine Biodiversity**

1. Name and address of the P.I.:
2. Name/s and Addresses of Co-Investigators:
(if any)
3. Organizations/Institutions where
the project will be implemented:
4. Details of previous experience of P.I.
and Co-Investigators relating to:
 - a. Coastal and Marine Biodiversity
 - b. Survey and Inventorisation
5. Projects under implementation or
completed by P.I. and/or Co-investigator/s,
providing title, main aim, year of inception
and completion, funding agency,
funds approved:
6. Title of the proposed project:
7. Survey of:
 - a. Existing relevant literature on the
subject - 2 pages note on key findings
 - b. Relevant sites on internet - 2 pages :
note on key findings
8. Justification for the proposed project
underlining use in Conservation
and Protection of Coastal and Marine
Biodiversity:
9. Objectives and envisaged benefits:
10. Details of activities to be undertaken
to complete the project:

11. Time Schedule for the above project giving quarter-wise monitorable targets:
12. Modality for dissemination of information: generated through the project
13. Facilities and equipments available with the Institution/P.I./Co-investigators which will be available for utilization for the project:
14. Additional equipments and infrastructural facilities, if any required, for implementation of the project. Also, their approximate cost and justification be given:
15. Manpower requirement for the project with their qualifications and justifications (manpower on contract basis only):
16. Proposed budget for the project giving break-up for different Heads/Activities year-wise:
17. Any other information the P.I. may like to give:
